

Purina® Flock Raiser®

Specie: Flock **Type of Feed:** Complete **Form of Feed:** Crumbles

General Description:

A 20%-protein nutrient-rich ration that provides starting, growing and finishing nutrition for broilers/meat birds or a mixed flock of chickens, ducks and geese from hatch until laying age (18-20 weeks chickens, 20-24 weeks ducks; geese start laying the spring after they were hatched) and for turkeys from 8-10 weeks until laying age of 30-32 weeks. Optimum nutrition for healthy meat birds and mixed poultry flocks. Formulated with prebiotics, probiotics and yeast to support optimum digestive health and immune function.

Also available as a medicated feed with Amprolium (a coccidiostat).

Phytase (A.oryzae), (Min)	227 FYT/LB

*INGREDIENTS

Grain Products, Processed Grain By-Products, Dehulled Soybean Meal, Calcium Carbonate, Soybean Oil, Dicalcium Phosphate, Monocalcium Phosphate, Salt, DL-Methionine, L-Lysine, Yeast Culture, Magnesium Sulfate, Potassium Sulfate, Choline Chloride, Pyridoxine Hydrochloride, Thiamine Mononitrate, Vitamin A Supplement, Menadione Sodium Bisulfite Complex (source of Vitamin K), Riboflavin Supplement, Calcium Pantothenate, Vitamin E Supplement, Inulin, Vitamin D3 Supplement, Niacin Supplement, Vitamin B-12 Supplement, Biotin, Tagetes (Aztec Marigold) Extract (Color), Folic Acid, Dried Enterococcus faecium

Fermentation Product, Dried Pediococcus acidilacticii
 Fermentation Product, Dried Bificobacterium animalis
 Fermentation product, Dried Lactobacillus reuteri
 Fermentation Product, Dried Aspergillus oryzae Fermentation
 Extract, Manganous Oxide, Diatomaceous Earth, Zinc Oxide,
 Copper Sulfate, Calcium Iodate, Sodium Selenite.

***Note: Ingredients differ by manufacturing plant.
 Please refer to the tag for a current list of ingredients.**

FEEDING DIRECTIONS:

Feed as the sole ration to broiler chicks and other meat-type birds from hatch to market weight (about 3 to 4 pounds at 7 to 9 weeks of age) or to 18 weeks if kept for breeding.

Feed as the sole ration to turkeys, pheasants and quail from 8 weeks to market weight or breeding age.

For free-range and confined turkeys, first feed Purina® Game Bird Chow® Startena® complete feed as the sole ration from hatch until 8-10 weeks old. Then feed them Purina® Flock Raiser® complete feed until laying age (about 30-32 weeks).

At 18-20 weeks of age, feed Purina® Layena® complete feed free-choice to chickens; ducks will begin laying at 20 to 24 weeks of age and geese will begin laying the spring after they are born.

LIMITATIONS FOR USE:

Available Options:

Product No.	Package	Size Diameter
3003340-201	Bag Bulk 5/32 (PLT)	5/32-11/64
3003340-206	Bag 50# (PLT)	5/32-11/64
3003340-305	Bag 40# (CR)	5/23-11/64
3003340-303	Bag 25# (CR)	5/32-11/64
3003340-301	Bulk 5/32 (CR)	5/32-11/64
3003340-306	Bag 50# (CR)	5/32-11/64

*Medicated feed options are available. See individual product pages.

Product Features:**Product Benefits:**

Prebiotics and Probiotics	Supports immune and digestive health.
Complete and Balanced	Wholesome nutrition for an entire mixed flock of poultry consistent nutrition for starting and growing chickens, ducks, turkeys and geese (turkeys after 8-10 weeks) – all with the same bag of feed.
Essential Amino Acids	Excellent muscle and skeletal development. Enhanced with lysine and methionine to give birds the healthy nutrients they need for healthy growth.
Marigold Extract	For brightly-colored beaks, shanks and overall appearance — A high level of xanthophyll, derived from marigolds, ensures bright coloring for a beautiful flock.
Key Level of Vitamin A	Strong Vitamin A fortification helps birds grow into healthy adult birds.
Vitamin E	A level of Vitamin E that helps birds maintain a robust immune system.
Superior Nutrition	Superior nutrition for a strong start, uniform growth and excellent vigor.
Wholesome Nutrition	Assurance of quality – It's nutrition you can trust our guarantee that this is the very best feed for your poultry.

IMPORTANT:

This product is to be fed only to the animal species as directed on this label. Follow these management practices:

1. A feeding program is only as effective as the management practices.
2. Follow sound management practices and disease and sanitation control measures.
3. If any questions, contact your veterinarian, PURINA® dealer or salesperson.
4. Contains a source of live naturally occurring microorganisms.
5. Actual results can vary depending upon feed intake, environmental conditions and the quality of management practices
6. Always provide shelter and a constant supply of fresh, clean water.

CAUTION:

Store in a dry, well-ventilated area protected from rodents and insects.
Do not feed moldy or insect-infested feed to animals as it may cause illness, performance loss or death.

KEY POINTS:

- Consumption will vary depending upon season of the year, nutritional needs of the animals and availability of other foods.
